Education

Institute of Aeronautical Engineering, Hyderabad
B.Tech in Computer Science and Engineering (Data Science)

May 2027 (Expected)
GPA: 7.68 / 10.0

MJP BC Residential Junior College, Luxxettipet
Intermediate

June 2023
GPA: 96.5 / 100

ZPHS High School, Parpally
SSC

March 2021
GPA: 10.0 / 10.0

Technical Skills

Languages: Java, Python, Python Flask MongoDB HTML CSS JavaScript Git

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Python

Tools: Visual Studio Code, GitHub, Docker, AutoCAD

Internship

Cloud Computing Intern (Self Project)
HORAMA IT SOLUTIONS

Apr 2025 – May 2025

- Learned to use cloud tools like AWS for servers, storage, and networking.
- Assisted in automating projects using Docker and GitHub.

Projects

CNN-Based Crop Disease Detection

May 2025 – May 2025

- Developed CNN model for automated detection of crop diseases from leaf images.
- Improved yield prediction by enabling early disease identification and intervention.

NextGen E-Revenue Services

June 2025 – August 2025

- Built Aadhaar-based NextGen E-Revenue Services for real-time certificate issuance.
- Enabled auto-routing and document verification for faster processing.

Certifications

Data Science and Analytics – HP

Apr 2025

Artificial Intelligence – Accenture

Apr 2025

Programming in Java – NPTEL

May 2025

Coding Profile

CodeChef: Solved 250+ Problems — Global Rank: Top 2 Lakh

LeetCode: Solved 15+ Problems — Global Rank: Top 5 Lakh

Leadership

Member — Computer Society of India

Dec 2023
